

# State Board Orders Us Back To Bargaining Table

Because UC claims they have more to offer

## STRIKE POSTPONED\*

5/29/08:

UC is very worried about the 2 day strike called by patient care and service workers and planned for June 4<sup>th</sup> and 5<sup>th</sup>, and went to the State Public Employment Relations Board (PERB) to try to stop it.

UC *claims* they have more to offer at the bargaining table. PERB has ordered us back to the table for more negotiations. UC also told PERB we are essential to making UC run and our jobs are too important for us to strike.

**If UC truly believes we are essential, their proposals must include equal pay for equal work!**

*\*While AFSCME believes we've reached impasse, we'll return to the bargaining table to continue our efforts to reach agreement and avoid a strike.*
