

New Executive Raises & Bonuses Approved, While Still Refusing To End Poverty Wages

- Medical Center Chief Executive Officer (CEO) and Chief Nursing Officer (CNO) salaries were increased up to 34% since the Fall of 2007
- In addition to salary increases, CEOs & CNOs also given one-time bonuses up to \$89,000
- **Extra 5% Retirement Contribution:** UC makes a 5% contribution to each CEO and CNO's Defined Contribution Plan each year. This money does not come out of their paycheck, but is rather supplemental retirement income for UC's top executives. ***

We need to set UC's priorities straight in 2009!

It is shameful that while service workers are working two jobs, using public assistance and losing their homes because of low wages, executives are getting huge raises and bonuses on top of already high salaries!

In this economic climate, UC has a responsibility to prioritize good jobs in our communities by ending poverty wages for service workers and their families!

*Total salary increase since September 2007

** Maureen Zehntner was appointed as UCI's permanent CEO effective March 2008 @ \$555,000; David Feinberg was appointed as UCLA's permanent CEO effective December 2008 @ \$739,700.
