ATTACHMENT TO UNFAIR PRACTICE CHARGE

I. Introduction

This case concerns unilateral changes by the University of California ("UC" or "the University") pertaining to two different bargaining units represented by AFSCME Local 3299 ("AFSCME" or "the Union"): The Patient Care Technical Unit (commonly referred to as either the "PCT" or "EX" bargaining unit), and the Service Unit (commonly referred to as the "SX" unit). Specifically, the University made unilateral changes to health benefits without providing the Union with notice and an opportunity to meet and confer, and without meeting and conferring in good faith to impasse or agreement. In addition, the University failed and refused to provide certain information regarding its unilateral changes.

II. Applicable Law

In *Regents of the University of California*, (2004) PERB Decision No. 1689 (petition for writ of review denied, July 12, 2005), PERB unanimously prohibited the University from making discretionary unilateral changes to health benefits as part of the University's annual open enrollment process. Indeed, PERB adopted all of the ALJ's conclusions, including:

- (1) UC's "contractual reservation of managerial discretion" to make health benefit changes does not remain in effect after contract expiration. *Id.*, at page 25.
- (2) It is immaterial that UC makes health benefit changes annually, as the Board "has declined to recognize a dynamic status quo defense where the employer retains discretion in adopting the changes." *Id.*, at page 29.
- (3) The University does not have a "business necessity" warranting unilateral post-contract changes to health benefits. *Id.*, at page 36.
- (4) "The duty to present timely proposals was on the University, not the union, for it was the University that wanted to make the changes." *Id.*, at page 46.

and

- (5) It is unlawful for the University to implement unilateral, discretionary, post-contract changes in health benefits prior to exhausting impasse procedures. *Id.*, at page 46; *and see id.*, p. 47 ("A unilateral change prior to impasse is unlawful, even if it is contemplated within an existing offer.").

III. Statement of Facts

A. Unilateral Changes

The EX Memorandum of Understanding between the parties expired on September 30, 2012. The SX Memorandum of Understanding between the parties expired on January 31, 2013. In each case, collective bargaining for a new Memorandum of Understanding commenced prior to contract expiration and continued thereafter.

Via a letter dated October 11, 2013 (Exhibit 1), the University notified (and sought agreement from) AFSCME regarding a list of health benefit changes that UC was implementing for 2014. UC recognized its duty to freeze employees' premium rates at 2013 levels, pending negotiations. (Exhibit 1, page 2). However, the University indicated that it would not maintain the status quo pending negotiations in 3 important respects:

- (1) The University announced that instead of maintaining the status quo by continuing to offer two different Health Net plans ("full" Health Net as well as a cheaper, less comprehensive network known as "Health Net Blue and Gold"), UC was unilaterally discontinuing the full Health Net plan and offering only the materially different and less comprehensive Health Net Blue and Gold option;
- (2) The University announced that it was unilaterally discontinuing the Anthem PPO and Anthem PLUS health benefit plans, and replacing these plans with a new plan -- referred to as the "UC Care" Plan -- that contained materially different provisions and coverages in numerous respects; and
- (3) The University announced that it was unilaterally discontinuing the Anthem Lumenos health benefit plan, and replacing this plans with a new Blue Shield Health Savings Plan that contained materially different provisions and coverages in numerous respects.

The differences in provisions and coverages eliminated and implemented by UC in items (1), (2) and (3) above are too numerous to list out provision by provision, but, most significantly, include the following type of change that is common to items (1), (2) and (3) above: loss of access to hundreds of doctors, hospitals and pharmacies for many employees, including AFSCME-represented employees in the SX and EX units. A sampling of some of the doctors, hospitals and pharmacies that have been identified to date as being lost altogether or downgraded to "out of network" is attached hereto as Exhibit 2.

While UC notified and sought agreement from AFSCME regarding the health benefit changes on October 11, 2013 (Exhibit 1), *UC had already announced the changes to all employees more than a month earlier, on September 3, 2013. See Exhibit 3. UC had not, however, proposed any of these health benefit changes in EX and SX contract negotiations.*

The University's unilateral changes drew strong concern from various parts of the UC community. *See, e.g.*, Exhibits 4, 5 & 6.

AFSCME responded to the University's notice of changes, in an e-mail dated October 15, 2013 (Exhibit 7). In that e-mail, AFSCME demanded to meet and confer, and further demanded that the University cease and desist from all discretionary changes and instead maintain the status quo pending negotiations. The Union also requested information regarding the disruptions in health coverage (including disruptions in available doctors and hospitals) that employees would experience should the University carry through with its changes. *See* Exhibit 7.

Although the University provided certain information in response, the University simply did not address the Union's demand to maintain the status quo. *See, e.g.*, Exhibit 8, p. 3 ("This response concludes our obligation to this request."). Indeed, far from maintaining the status quo, UC proceeded to implement the changes via a series of communications during the second half of October 2013. *See, e.g.*, Exh. 9 (email to employees) & Exh. 10 (mailing to employees' homes, entitled "Big Changes/New Choices").

Thus, the University announced significant changes to the status quo as a *fait accompli*, without advance notice and an opportunity to meet and confer. When AFSCME nonetheless demanded to meet and confer and to restore and maintain the status quo pending negotiations, UC failed and refused to do so. *A fortiori*, UC did not bargain in good faith to impasse or agreement.

B. Failure To Provide Information

AFSCME's request for information, at item #1, sought the "disruption assessments" that UC performed to analyze the healthcare disruptions that would be caused by its changes. Specifically, AFSCME wrote as follows:

1. Please provide any and all information, documents or records within your possession or control that reflect, list or analyze any "disruptions" anticipated as a result of the University of California's noticed health benefit changes involving elimination of the full HealthNet Plan and replacement of three Anthem plans with two new plans ("disruption" is defined for the purposes of this request as any employee, retiree, or covered dependent of any employee or retiree, losing access to, or having to pay more in order to obtain access to, any physician, hospital, pharmacy or other provider).

(Exhibit 7, page 1).

UC, however, refused to provide its disruption assessments, explaining that it could not do so because UC "did not perform disruption assessment by union." (Exhibit 8, page 1).

UC's contrived rationalization is frivolous. AFSCME did not request a disruption

assessment to be broken down "by union" or otherwise. Nor would such a broken down assessment be typical or meaningful, because disruption is only dependent on employees' locations and choice of plans. Thus, disruption assessments are completely independent of bargaining unit, as such assessments look only at particular healthcare markets and what consequences will flow to employees, in general, if particular medical groups and/or hospitals are excluded from a network.

AFSCME immediately wrote back to UC on November 18, 2013 -- the same day that AFSCME received UC's frivolous response -- and the Union explained that UC's obviously-contrived excuse is untenable. *See* Exhibit 11. However, the University has failed and refused to respond.

IV. Remedy

UC must be ordered to remedy, and cease and desist from, all of its unlawful conduct. The remedy must include retroactive reversal of the University's unlawful unilateral changes and all other steps necessary to restore the status quo and make whole all affected employees. The University must also be ordered to provide all requested information. Lastly, the University must be directed to meet and confer in good faith.

Re: Proposed Agreement on 2014 Health and Welfare Benefit Plan Changes and Employee Premiums

Dear Seth:

As we have discussed during our Union Coalition meetings, the University is planning a number of changes to the health benefit plans for 2014. Detailed explanations of the changes are available online at <http://atyourservice.ucop.edu/oe>. Key highlights for 2014 include:

- New rates: see the attached chart for 2014 employee and retiree premium contribution amounts.
- Open enrollment period: this year, open enrollment runs from October 28, 2013 to November 26, 2013.
- Two new medical plans being offered are Blue Shield Health Savings Plan and UC Care.
- Four medical plans are being discontinued because they no longer offered the right value. The plans that will no longer be offered are Anthem Blue Cross PPO, Anthem Blue Cross PLUS, Anthem Lumenos PPO with HRA and Health Net Full Network HMO.
- Generic prescriptions are now mandatory for all plans.
- Dental and Vision Plans continue to be fully paid by the University.
- The ARAG Legal Plan is not open for enrollment this year.
- Wellness Program: a new provider has been selected, Optum Health.
- Medical Contribution Base Pay Bands will be adjusted based on the California Consumer Price Index.
- UC will make changes to the definition of covered salary for Life Insurance, Disability Insurance, and MCB (medical contribution base) effective 1/1/2014. Please refer to the attached document for more information.

The University believes that the 2014 health and welfare program offers excellent value and choices for employees, and hopes that AFSCME 3299 agrees. The University proposes that Patient Care Technical (EX) and Service (SX) participate in the 2014 health benefit plans on the same terms and rates outlined at <http://atyourservice.ucop.edu/oe/medical/index.html>, effective January 1, 2014. If AFSCME 3299 agrees, please signify your agreement by signing below. I would appreciate receiving your signature by Friday, October 25, 2013 via e-mail (Nadine.Fishel@ucop.edu) or fax at (510-268-0602).

If AFSCME 3299 wishes to bargain over these matters, EX and SX bargaining unit employees will still be permitted to participate in Open Enrollment and make plan changes, including selecting the new UC Care or Blue Shield Health Savings Plan, as they have in years past. However, depending on the nature of the change they make during open enrollment, some will not be effective until the conclusion of the collective bargaining process. For example, EX and SX unit employees will continue to pay 2013 employee contribution rates for existing plans. Please note that employees who choose UC Care or the Blue Shield Health Savings Plan will pay 2014 rates for those plans since they are new plans. Additionally, employees will remain in the 2013 medical contribution base pay band structure. Those employees currently enrolled in the Anthem PPO or Anthem PLUS plans who do not make a selection during Open Enrollment will be enrolled in the UC Care Plan. Those employees currently enrolled in the Anthem Lumenos plan who do not make a selection during Open Enrollment will be enrolled in Blue Shield Health Savings Plan. Those enrolled in the Health Net full network HMO who do not make a selection during Open Enrollment will be enrolled in the Health Net Blue & Gold Plan.

The University hopes that we can mutually reach agreement to implement the 2014 health and welfare program and rates. I look forward to hearing from you soon.

Sincerely,

Nadine Baron Fishel

My signature below as an authorized agent for [union name] for [unit name] accepts and confirms [unit name] will participate in the 2014 Health Benefit Plans and premium rates, effective January 1, 2014.

Name	Date	Union	Bargaining Unit(s)
------	------	-------	--------------------

Definition of Covered Salary for Life Insurance, Disability Insurance, and MCB (medical contribution base) Effective 1/1/2014

Effective 1/1/2014, "extra" pay such as stipends, shift differentials, overtime, etc. will be excluded from the salary base calculation and it will be tied to "base" salary only. Additionally, the salary rate for those with more than one appointment at different rates will be a prorated salary base, rather than the highest rate which is used in many cases.

Full time employees without "extra pay" such as shift differential or stipends will experience no change. However, below is a summary of the effects of the change:

- For those with stipends, the MCB will decrease, resulting in potentially lower salary band and lower monthly medical plan premiums (for 2015).
- For those with shift differential or stipends, monthly life Insurance premiums will decrease if covered salary decreases.
- For those with shift differential or stipends, monthly disability insurance premiums will decrease.
- For those with part-time appointments, monthly disability insurance premiums will decrease proportional to the appointment percentage; covered salary will continue to be based on part-time rate (currently, part-time employees pay premiums based on full time salary, but receive only part-time benefits).
- For those with part-time appointments, MCB and Supplemental Life will continue to be based on full time equivalent salary and Basic Life will continue to be pro-rated (no change).
- For those with more than one appointment at different rates, the MCB, Life, and Disability salary base will decrease to a pro-rated amount based on appointment percentage and salary at each rate; currently, bases are calculated on the single appointment with the highest salary, regardless of appointment percentage.

The new logic will be applied starting 1/1/2014. Since the MCB (medical contribution base) for 2014 is based on the salary on 1/1/2013 (there is a one year delay), the new logic will not impact the MCB until 2015. However, the new logic will impact Life Insurance and Disability Insurance in 2014 (no delay for these plans).

UC announces new medical plans for 2014

[September 3, 2013]

Some big changes and new choices in medical plans are coming to Open Enrollment this fall.

UC is offering a revamped menu of plans for 2014 that offers better value and clearer choices, including two new plans: Blue Shield Health Savings Plan, which features a UC-funded health savings account; and UC Care, UC's own PPO plan that offers members access to UC doctors and hospitals.

Kaiser Permanente, Health Net Blue and Gold, Western Health Advantage and Core (administered by Blue Shield) will still be available. Four plans — Anthem Blue Cross PPO and PLUS, Anthem Lumenos with HRA and Health Net Full HMO — are being discontinued.

"The 2014 plans provide clear and distinct choices to meet our employees and retirees' diverse and changing needs," said Michael Baptista, executive director of Benefits Programs and Strategy. "The designs of these plans have very little overlap. Everyone can choose a plan based on what's most important to him or her, whether that's having predictable costs or the widest choice of doctors."

UC employees and retirees will continue to have a broad choice of providers — including UC medical center doctors, hospitals and medical groups — and plan designs to fit their needs. And UC will continue

to cover an average of over 85 percent of the cost of the premiums.

The 2014 plan offerings are the result of a comprehensive review of UC's medical plan portfolio. UC considered proposals from new and current medical plan vendors in an effort to continue providing high quality medical insurance that is more specific to individual needs, while limiting cost increases to employees and the university. The review also offered an opportunity to leverage UC's outstanding medical centers and take advantage of the changing medical-insurance marketplace.

"We know how important quality medical insurance is to our employees and retirees, and we are continually looking for ways to ensure good benefits while limiting cost increases for employees and the university," said Baptista. "Health care reform and a changing medical-insurance marketplace provided a good opportunity to rethink our benefits while still maintaining choice and quality."

Two Plans In, Four Plans Out

The two new plans offer broad, nationwide networks of doctors and hospitals through Blue Shield, including UC's medical centers, and both are expected to have lower monthly premiums than Anthem Blue Cross PPO, Anthem Blue Cross PLUS and Health Net HMO.

- ✦ UC Care is a new health plan created just for UC employees, retirees and families. You can get care from UC doctors and medical centers as well as the entire Blue Shield network of providers. You pay a fixed copayment when you use UC and other select providers near all UC campuses and coinsurance when using the other 65,000 Blue Shield providers. You also have coverage for out-of-network care.
- ✦ The Blue Shield Health Savings Plan is a high-deductible PPO plan paired with a health savings account (HSA) that lets you pay your out-of-pocket health care costs with tax-free dollars. UC provides an initial contribution and you can also make pre-tax contributions. You can use the funds any time for qualified medical expenses or save them for future health care needs. Your HSA balance carries over from year-to-year and you own the balance in the account, even if you transfer to another medical plan or leave UC. Blue Shield's large PPO provider network offers a wide choice of doctors and hospitals or you can see out-of-network providers if you want to pay more.

UC is eliminating the Anthem Blue Cross PPO and PLUS plans and the Health Net full HMO plan because they no longer provide the right value. "The costs for these plans continue to increase at a much faster rate than the other plans," Baptista said. "Neither the university nor employees can continue to absorb double-digit annual increases."

The Anthem Lumenos PPO with health reimbursement account is being replaced with the Blue Shield Health Savings Plan. Employees are finding plans with health savings accounts to be more popular because of the tax incentive advantages, the portability of the account and the ability to use the account to save for future retirement insurance needs.

Plan costs have not been finalized, and information about monthly premiums will be available closer to Open Enrollment.

New for retirees

Retirees and employees planning to retire in 2014 will have similar choices as employees. All six employee plans will be available to retirees not yet eligible for Medicare.

Medicare-eligible retirees in California will have five plan options: Kaiser Senior Advantage, Health Net Seniority Plus, Blue Shield PPO, Blue Shield PPO without prescription drug coverage and Blue Shield High Option Supplement to Medicare.

The Blue Shield Medicare plans are very similar to the current Anthem Blue Cross Medicare plans.

For Medicare-eligible retirees living outside California, UC is taking a new approach. For those Medicare-eligible retirees with all covered family members in Medicare, UC will fund a Health Reimbursement Arrangement (HRA) which retirees will use to purchase individual coverage through Extend Health, a company that sponsors a Medicare Exchange.

With the assistance of Extend Health's licensed and trained benefit advisors, each covered family member will choose an individual Medicare plan that's best for them. That includes Kaiser, if available in the retiree's location. With the growing market for individual plans, many retirees will have more choices, many of which could meet their needs better than the UC plans currently available.

UC plans extensive communication and education about medical plan choices throughout the fall to help faculty, staff and retirees make good choices. Watch for a website dedicated to information about the 2014 medical plans, which is scheduled to launch in mid-September. Visit [At Your Service](#) for a link to the website where you can read more about each plan.

Additional news stories, in-home mailings and campus events are planned. Also, watch for your Open Enrollment brochure, which will be mailed in mid-October.

UCSB Employees Publicly Oppose Updates to University of California Medical Plan

UCSB staff and faculty members are joining together on a petition in protest of a recent UC-wide employee health insurance overhaul that could bar many university employees from visiting Santa Barbara's two major healthcare providers.

The UC's revamped medical benefits system, set to go into effect in 2014, will drop all Anthem plans, as well as a Health Net Full HMO, and instead offer a new three-tiered system called UC Care and a Blue Shield Health Savings Plan in addition to the various other plans that are already included.

UCSB employees are concerned because UC Care — the only Tier 1 PPO plan available under the new options — relies heavily on campus medical centers, a resource that UCSB lacks. And since the UC has so far failed to come to an agreement with either Santa Barbara Cottage Hospital or Samsom Clinic for accepting Tier 1 plans, employees using this option will be forced to go to Lompoc, Santa Maria or Ventura for medical attention.

UCSB employees' opposition came to a head during a town hall forum hosted by the Academic Senate last week in the University Center. UCSB Faculty Association President and history professor Nelson Lichtenstein said the UC's decision to cut down on costs by dropping coverage comes at the expense of hundreds of university employees' medical needs.

"People were pissed and quite upset," Lichtenstein said. "Some people have dialysis every few days, and some have doctors who've been covering conditions they've had for years ... faculty association says the UC should act more like an insurance company."

The UC Care Tier 1 plan is the least expensive of the options offered and includes a \$20 co-pay PPO plan. The specifics of the plan are currently being negotiated amongst UC medical centers, but because UCSB is one of only two UC campuses without a medical center, it is in the minority when it comes to systemwide accommodations.

UC Office of the President spokesperson Shelly Meron said settling on negotiations with Cottage and Samsom would cause all UC employees across the board to pay higher premiums for "just one school in Santa Barbara."

"We are aware that Cottage Health System is the main provider in Santa Barbara. We know that people like to go there. We want to still be able to offer them access to that at a reasonable rate," Meron said, "and so this was the middle ground — offering Cottage as the second tier of UC Care or through the Health Net Blue and Gold Plan."

Meron said the second tier plan includes Cottage Hospital at a charge of 20 percent of services with a \$5,000 cap, and the third tier will allow employees to choose any provider but will charge 50 percent of the cost.

And despite deep-seated disagreement from UCSB employees, Meron said UCOP doesn't plan on budging anytime soon.

"My understanding is that the plans are pretty set for 2014," Meron said. "We're certainly open to hearing from Cottage in the future and hope that we can work out a deal down the line."

Like many other UCSB employees who disagree with UC's new health insurance plan, Lichtenstein said the faculty association hopes the UC will be fair to its employees at UCSB and subsidize the high cost of health care in Santa Barbara.

"Samsom and Cottage Hospital are driving a hard bargain, but the UC should've known they had a problem before they switched over," Lichtenstein said. "They were negotiating it but couldn't reach an agreement until quite late."

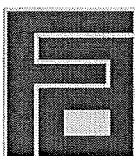

Chancellor Henry T. Yang said the new UC health insurance plan severely disadvantages UCSB amongst all other UC employees.

"We are deeply concerned that the Tier 1 provider network for UC Care does not currently include the physicians and services of our local clinic and hospital," Yang said.

Yang also said he and his staff are making every possible effort to ensure that negotiations quickly result in a solution that allows all community members to access the healthcare that best fits their needs.

"My administrative colleagues and I, in consultation with our faculty, staff, and community members, are working intensively with UC systemwide office negotiators and our local providers to bridge this serious gap," Yang said.

Letter to UC regarding health care plan changes

On November 21, CUCFA sent the following letter to UC President Janet Napolitano and also sent copies of the letter to half a dozen UC officers:

President Janet Napolitano
Office 12122
1111 Franklin Street
Oakland, CA 94607

Dear President Napolitano,

The recent changes to the health care insurance plans available to UC faculty and staff have resulted in a drastic reduction in both choices and quality of our insurance options. UC Care, the new "self-funded" PPO medical insurance plan that replaces Blue Cross Plus, Blue Cross PPO, and Anthem plans, does not provide equivalent coverage for campuses that do not have a medical center, such as UCR and UCSB. This leads to serious inequities between faculty and staff on those campuses with medical centers and faculty and staff on those campuses without them.

The UC Select (Tier 1) network of providers and facilities is grossly inadequate, for it excludes many of the best doctors and hospitals that were covered under the Blue Cross plans. As the Academic Council noted in its letter to you, employees on some campuses are suddenly losing in-plan access to their long-standing provider systems. Faculty who regularly travel for extended periods, those whose families face complex or chronic health challenges,

and out-of-state emeriti and retirees are seeing significant degradation in the quality of insurance they are offered and anticipate significant increases in costs, if they seek the same quality of health care previously provided within the discontinued Anthem plans.

The employees of some UC campuses are facing discriminatory treatment that seriously degrades the quality of our individual lives and those of our families, as well as undermining the collective welfare of our campus communities. Health care options and other benefits have long been a strong incentive for working at the University of California, despite the fact that UC salaries have declined in relation to those at comparable institutions, but these benefits are being steadily eroded. The erosion of our benefits further undermines UC's ability to compete for the best faculty and staff and maintain its first-class reputation.

In addition, we note that the process of developing the new plan was characterized by a lack of transparency and consultation with the Senate, inadequate notice of the changes, and insufficient resources given to HR units on the campuses to help and advise faculty and staff. The experience exposed the inadequacies of the consultation mechanisms for dealing with changes of this importance, scope, and complexity. We believe better, more inclusive mechanisms must be established.

We call on you to immediately implement an expanded set of UC Select options under UC Care so that all campuses have equal access to medical care. We demand that there be a full review of the process, a fund to compensate egregiously affected employees, and a better set of options for next year's open enrollment.

**JANET NAPOLITANO, PRESIDENT
UNIVERSITY OF CALIFORNIA**

Re: UC Care rollout and further development

Dear President Napolitano:

Thank you for engaging with the Academic Council at its October meeting.

The Academic Senate's systemwide University Committee on Faculty Welfare (UCFW) is charged with advising on matters related to the economic welfare of the faculty, including salaries and health and pension benefits. Fifteen years ago, UCFW commissioned a task force of experts on health care policy and delivery to advise it on multiple facets of UC's health benefits. As you requested, I am enclosing brief descriptions of its current members.

As you know, UC Care is a new "self-funded" PPO medical insurance plan for UC employees intended to leverage the resources of the UC medical centers to reduce escalating health insurance costs for both UC and its employees. At Council's October 23 meeting, UCFW's chair informed Council that the committee and its Health Care Task Force were not provided with timely or complete information as UC Care was being developed. Although the HCTF was asked for its input on the list of "UC Select" providers in mid-July, it did not receive a full briefing on the details of the plan until August 14. Even that briefing was incomplete, as details continued to change through last week. The committee is now receiving a steady stream of reports from colleagues on many campuses who are dismayed because the replacement options are not comparable to their current program. Moreover, the new offering is not equitable across the system, as employees in some campus locations are suddenly losing in-plan access to their long-standing provider systems. In addition, faculty who regularly travel for extended periods, those whose families face complex or chronic health challenges, and out-of-state emeriti and retirees are seeing significant degradation in the quality of insurance they are offered and anticipate significant increases in costs, if they seek the same quality of health care previously provided within the discontinued Anthem plans.

It is clear that the University will need to monitor results and engage in continuous quality improvement of UC Care for all employees for the next enrollment cycle. Council urges you to ensure that the UCFW Health Care Task Force is fully informed and closely engaged in that effort. Shared governance requires much closer collaboration than HCTF experienced last year. This body includes some of the nation's

leading experts on health care delivery and can render excellent advice on costs, benefits, and plan features.

Please contact me if you have any questions about how to engage UCFW and its Health Care Task Force.

Sincerely,

A handwritten signature in cursive script that reads "Bill Jacob".

Academic Council

Subject: Fwd: NOTICE: 2014 Open Enrollment

To: Nadine Fishel <Nadine.Fishel@ucop.edu>

Nadine,

I received your email of October 11, 2013, in which you indicate an intent to unlawfully alter the status quo by unilaterally implementing certain discretionary changes. AFSCME demands to meet and confer regarding any proposed discretionary changes, and AFSCME further demands that you cease and desist from all discretionary changes and instead maintain the status quo as to those changes.

Moreover, AFSCME hereby requests that you provide the following information and records:

1. Please provide any and all information, documents or records within your possession or control that reflect, list or analyze any "disruptions" anticipated as a result of the University of California's noticed health benefit changes involving elimination of the full HealthNet Plan and replacement of three Anthem plans with two new plans ("disruption" is defined for the purposes of this request as any employee, retiree, or covered dependent of any employee or retiree, losing access to, or having to pay more in order to obtain access to, any physician, hospital, pharmacy or other provider).
2. Please provide a list of all physicians currently covered as part of the full HealthNet Plan who are not part of the HealthNet Blue and Gold network. For each physician on the list, please also indicate how many times that physician has been seen by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the full HealthNet plan) since January 1, 2012.
3. Please provide a list of all hospitals covered as part of the full HealthNet Plan that are not part of the HealthNet Blue and Gold network. For each hospital on the list, please also indicate how many times that physician has been seen by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the full HealthNet plan) since January 1, 2012.
4. Please provide a list of all POS Network Provider physicians covered as part of Anthem Blue Cross Plus who are not part of the UC Select network under your proposed UC Care plan. For each physician on the list, please also indicate how many times that physician has been seen by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Anthem Blue Cross Plus plan) since January 1, 2012.
5. Please provide a list of all POS Network Provider physicians covered as part of Anthem Blue Cross Plus who are not part of the Blue Shield Preferred network under your proposed UC Care plan. For each physician on the list, please also indicate how many times that physician has been seen by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Anthem Blue Cross Plus plan) since January 1, 2012.

6. Please provide a list of all POS Network Provider hospitals covered as part of Anthem Blue Cross Plus that are not part of the UC Select network under your proposed UC Care plan. For each hospital on the list, please also indicate how many times that hospital has been used by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Anthem Blue Cross Plus plan) since January 1, 2012.

7. Please provide a list of all POS Network Provider hospitals covered as part of Anthem Blue Cross Plus that are not part of the Blue Shield Preferred network under your proposed UC Care plan. For each hospital on the list, please also indicate how many times that hospital has been used by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Anthem Blue Cross Plus plan) since January 1, 2012.

8. Please provide a list of all Network Provider physicians covered as part of Anthem Blue Cross PPO who are not part of the UC Select network under your proposed UC Care plan. For each physician on the list, please also indicate how many times that physician has been seen by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Anthem Blue Cross PPO plan) since January 1, 2012.

9. Please provide a list of all Network Provider physicians covered as part of Anthem Blue Cross PPO who are not part of the Blue Shield Preferred network under your proposed UC Care plan. For each physician on the list, please also indicate how many times that physician has been seen by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Anthem Blue Cross PPO plan) since January 1, 2012.

10. Please provide a list of all Network Provider hospitals covered as part of Anthem Blue Cross PPO that are not part of the UC Select network under your proposed UC Care plan. For each hospital on the list, please also indicate how many times that hospital has been used by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Anthem Blue Cross PPO plan) since January 1, 2012.

11. Please provide a list of all Network Provider hospitals covered as part of Anthem Blue Cross PPO that are not part of the Blue Shield Preferred network under your proposed UC Care plan. For each hospital on the list, please also indicate how many times that hospital has been used by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Anthem Blue Cross PPO plan) since January 1, 2012.

12. Please provide a list of all Network Provider physicians covered as part of Anthem Lumenos who are not part of the network under your proposed Blue Shield Health Savings PPO plan. For each physician on the list, please also indicate how many times that physician has been seen by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Lumenos plan) since January 1, 2012.

13. Please provide a list of all Network Provider pharmacies covered as part of Anthem Lumenos that are not part of the network under your proposed Blue Shield Health Savings PPO plan. For each pharmacy on the list, please also indicate how many times that pharmacy has been used by

any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Lumenos plan) since January 1, 2012.

14. Please provide a list of all Network Provider hospitals covered as part of Anthem Lumenos that are not part of the network under your proposed Blue Shield Health Savings PPO plan. For each hospital on the list, please also indicate how many times that hospital has been used by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Lumenos plan) since January 1, 2012.

Re: UC Response #2 to AFSCME-EX/SX October 15, 2013 Request for Information #AFSCME-13-133

Dear Seth:

This letter is the University's initial response to AFSCME's Request for Information related to the 2014 Health and Welfare Benefit Plan Changes. This response covers the EX and SX units. Where information responsive to the Union's request was available, the University's response is provided in ***bold-italics***. The University will continue to respond to the Union's information request as information is compiled.

AFSCME-13-133-01

Please provide any and all information, documents or records within your possession or control that reflect, list or analyze any "disruptions" anticipated as a result of the University of California's noticed health benefit changes involving elimination of the full HealthNet Plan and replacement of three Anthem plans with two new plans ("disruption" is defined for the purposes of this request as any employee, retiree, or covered dependent of any employee or retiree, losing access to, or having to pay more in order to obtain access to, any physician, hospital, pharmacy or other provider).

Upon review of the request for information, the University has determined that we are unable to provide the material requested. The University did not perform disruption assessment by union as part of the request for proposal analysis so we do not have the information.

AFSCME-13-133-04

Please provide a list of all POS Network Provider physicians covered as part of Anthem Blue Cross Plus who are not part of the UC Select network under your proposed UC Care plan. For each physician on the list, please also indicate how many times that physician has been seen by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Anthem Blue Cross Plus plan) since January 1, 2012.

Information attached herein "AFSCME-13-133-4-5-8-9-Physician List_UC Care_111513.pdf." This information is effective November 15, 2013 and may change. With regard to the second part of this request, the University does not track or have access to this information.

AFSCME-13-133-05

Please provide a list of all POS Network Provider physicians covered as part of Anthem Blue Cross Plus who are not part of the Blue Shield Preferred network under your proposed UC Care plan. For each physician on the list, please also indicate how many times that physician has been seen by any AFSCME-represented employee or covered dependent of any AFSCME-represented employee (under the Anthem Blue Cross Plus plan) since January 1, 2012.

Information attached herein "AFSCME-13-133-4-5-8-9-Physician List_UC Care_111513.pdf." This information is effective November 15, 2013 and may change. With regard to the second part of this request, the University does not track or have access to this information.

AFSCME-13-133-06

Please provide a list of all POS Network Provider hospitals covered as part of Anthem Blue Cross Plus that are not part of the UC Select network under your proposed UC Care plan. “Make Informed Choices”

Open Enrollment for Faculty and Staff

Begins: 8 a.m. Mon, Oct. 28, 2013

Ends: 5 p.m. Tues, Nov. 26, 2013

All Open Enrollment changes will be effective 1/1/14

This Open Enrollment does not apply to Residents and Clinical Fellows.

Postdoctoral Scholars please view the Garnett-Powers & Associates website<<http://www.garnett-powers.com/postdoc/ucsf/enrollment.htm>> for information on your Open Enrollment

2014 Open Enrollment Highlights

UC is offering a revamped menu of medical plans for 2014

Four plans are being discontinued: Anthem Blue Cross PPO, Anthem Blue Cross PLUS, Anthem Lumenos and Health Net Full HMO

Two new plans are being added: Blue Shield Health Savings Plan and UC Care PPO plan

Four plans are being continued: Health Net Blue & Gold, Kaiser Permanente, Western Health Advantage and Core

If you are enrolled in a plan being discontinued, you must select a new plan for 2014

Medical plan rates: Most UC employees will see only small monthly premium increases for medical coverage and some rates will actually decrease. 2014 employee medical plan rates can be found at <http://www.atyourservice.ucop.edu/oe/tools-resources/employee-plan-costs.html>

Flexible Spending Account for Dependent Care and/or Health Care expenses – you must enroll each year.

Have Questions? Need more information?

Come to a Town Hall:

Open Enrollment Town Hall: An Opportunity to Learn About 2014 Medical Plan Changes

UC is making some big changes to its medical plan offerings that may affect your health insurance coverage in 2014. Learn about the changes and the new choices at a Town Hall meeting from UC Office of the President:

Thursday, October 24 -12:30 to 2 p.m.

521 Parnassus Avenue, Room C 701

The session will also be streamed live on the web.

Big changes New choices

2014 Health Benefits Open Enrollment
For Faculty and Staff

8 a.m., Oct. 28 - 5 p.m., Nov. 28, 2013

Your open enrollment "to do" list:

- ☐ Review this booklet and the detailed information on the Open Enrollment website to help you make your benefit choices for 2014. If you are enrolled in Anthem Luminos PPO with HRA, Anthem Blue Cross PPO, Anthem Blue Cross PLUS or Health Net full network HMO, you must choose a new medical plan.
- ☐ Even if your plan is continuing, now is the time to make sure it's the right plan for you.
- ☐ Decide whether you want to enroll in a Health or Dependent Care Flexible Spending Account. Then use the CONEXIS calculator tools to determine how much you want to contribute in 2014.
- ☐ If you want to change your primary care physician and you are not changing your medical plan, call your plan to request the change. See your plan ID card for the phone number.
- ☐ Go online to atyourservice.ucop.edu and sign in to your account beginning Oct. 28 at 8 a.m. to make your elections by Nov. 26 at 5 p.m.
- ☐ If you need to enroll or de-enroll your dependents, select "Family Member" from the menu on the left.
- ☐ Confirm your changes by selecting the "Confirm" button and print a copy of your elections for your records by selecting the print-friendly option on the confirmation page.
- ☐ Review your confirmation statement carefully to ensure that your benefit elections were recorded correctly. You must report any errors or discrepancies to your benefits office immediately.

Any changes you make during Open Enrollment will be effective Jan. 1, 2014.

Open Enrollment is online

Go online to the At Your Service website (atyourservice.ucop.edu) and select the Open Enrollment 2014 icon for all the details.

If you need assistance or don't have access to a computer

If you need additional information or assistance to complete your benefits changes during Open Enrollment, contact your local benefits office.

If you have complex medical plan questions, contact the Health Care Facilitator Program at your location. Phone numbers are available on the At Your Service website (http://atyourservice.ucop.edu/directories_contacts/health_care_facilitator.html).

Summaries of benefits and coverage are online

Choosing a medical plan is an important decision, and UC offers a range of plans and coverage options. To help you make an informed choice, each of the medical plans makes available a Summary of Benefits and Coverage (SBC), which provides important information about that plan's coverage in a standard format so that you can easily compare plans.

The SBCs—including information about behavioral health coverage from Optum—are available online at atyourservice.ucop.edu/oe and on each plan's website. Paper copies are also available, free of charge, by calling the plans:

Blue Shield

Health Net

800-539-4072

Kaiser Permanente

800-464-4000

Western Health Advantage (WHA)

Big changes, new choices

2014 is a big year for medical benefits at UC and across the country. UC is updating your medical plan choices to better meet your needs—because maintaining good benefits is important to you and it's important to UC.

UC is offering a revamped menu of plans for 2014 that provides better value and clearer choices. You will continue to have comprehensive coverage, a broad choice of providers—including UC medical center doctors, hospitals and medical groups—and plan designs to fit your needs. And UC will continue to cover most of the monthly premium cost.

The following plans are being discontinued:

Anthem Blue Cross PPO, Anthem Blue Cross PLUS, Anthem Lumenos PPO with HRA, Health Net full network HMO and Kaiser Umbrella.

These plans no longer provide the right value, with annual double-digit cost increases that neither UC nor employees can absorb. You will need to choose a different plan during Open Enrollment if you're enrolled in one of these plans.

Take the time to evaluate your options and choose the plan that's right for you and your family. Turn the page for a summary of each of the plans available in 2014. More details are available on the Open Enrollment website (atyourservice.ucop.edu/oe).

Big changes, new choices

NEW CHOICES

BLUE SHIELD HEALTH SAVINGS PLAN

This plan is a high-deductible PPO (preferred provider organization) with a health savings account (HSA) to help pay your out-of-pocket medical costs. In a PPO, you can choose any doctor or hospital you wish, but providers in the Blue Shield PPO network cost less. Here are some highlights:

- When you use the Blue Shield PPO network, you pay a high deductible (\$1,250 individual or \$2,500 family). UC's contribution to the HSA can help offset the deductible.
- Once you meet the deductible, you share the costs of services with the plan through coinsurance. Preventive care from preferred providers is covered at 100 percent without the need to meet your deductible.
- Out-of-network providers are also covered, but you pay a higher coinsurance percentage.
- Annual out-of-pocket maximums limit what you pay. If you reach the annual maximum, the plan pays 100 percent of your medical and prescription drug costs for the rest of the year.
- You can use the HSA to pay for health care costs during the year—including your deductible—or you can use it to save for future needs, even through retirement. The HSA has no use-it-or-lose-it restriction.
 - UC contributes to your account: \$500 individual or \$1,000 family.
 - You can contribute to your account as well—pre-tax through payroll deduction—up to \$2,800 for individual and \$5,550 for family coverage. If you're age 55 or older, you can make additional "catch-up" contributions.
 - Your account is always yours, even through retirement. You keep the money if you change plans or leave the university.
 - It has triple tax advantages. Your contributions, earnings and withdrawals are all tax-free as long as you use the money for qualified health care expenses.
 - If you currently are participating in the Health Flexible Spending Account (FSA), you must have a \$0 balance in your FSA on Dec. 31, 2013 to be eligible for the plan.
 - If you enroll in this plan, IRS rules do not allow you to enroll in UC's FSA plan for 2014.

This plan has some additional eligibility rules, so be sure to read more online (atyourservice.ucop.edu/oe/medical).

UC CARE

UC Care is a brand new PPO plan created just for UC employees and families. It offers the flexibility to see in-network and out-of-network providers and you don't need a primary care physician to coordinate your care.

The plan is administered by Blue Shield and includes a broad provider network. You can get care from UC physicians and medical centers as well as the Blue Shield Preferred network of providers. It's your choice.

You have two options for in-network care:

- When you use UC medical centers and other select providers in the **UC Select** network, you pay set copayments for most services and you don't have a deductible.
- When you use the **Blue Shield Preferred** network, you pay a low deductible (\$250/individual or \$750/ family) and you share the cost of services with the plan through coinsurance.
- Annual out-of-pocket maximums limit what you pay. If you reach the annual maximum, the plan pays 100 percent of your medical and prescription drug costs for the rest of the year.

Out-of-network providers are also covered, but you pay a higher coinsurance percentage.

Go online to get all the details, including the provider directory:
uc-care.org

TIP:

We have tools to help you choose the right plan. Visit the Open Enrollment website for:

- Medical Plan Chooser—An interactive tool that helps you find the best medical plan based on your personal profile and preferences.
- Tips for choosing a medical plan that's right for you.
- Links to each medical plan's website with information about how the plan works; doctors, hospitals and specialists in the plan; and much more.
- Summaries of Benefits and Coverage—Important information about each plan's coverage in a standard format so that you can easily compare plans.

RETURNING IN 2014

HEALTH NET BLUE & GOLD

The Health Net Blue & Gold is an HMO plan with a network of high-quality, cost-effective providers, including UC physicians and medical centers, created just for UC. All of the current medical groups remain in the plan for 2014, and Health Net has added a few medical groups in Orange and San Diego counties.

You choose a primary care physician (PCP) who coordinates your care and refers you to specialists within your designated medical group. You pay fixed copayments for prescription drugs and office visits. The plan covers the cost of services only when your medical group authorizes them. Health Net provides coverage for services outside of your medical group only in cases of emergency.

The plan's benefits are exactly the same as those for the Health Net full network HMO, which is being discontinued.

KAISER PERMANENTE

Kaiser Permanente is a closed-network HMO. You choose a Kaiser primary care physician (PCP) to coordinate your care. Your PCP refers you to Kaiser specialists when you need them. Kaiser covers the cost of your care only when your PCP authorizes it, except in an emergency. You pay a copayment for prescription drugs and some services.

WESTERN HEALTH ADVANTAGE (WHA)

WHA is an HMO serving the Davis-Sacramento region. You choose a primary care physician (PCP) who coordinates your care and refers you to specialists within your designated medical group. You pay a copayment for prescription drugs and some services. The plan covers the cost of services only when your PCP authorizes them. WHA provides coverage for services outside of your medical group only in cases of emergency.

TIPS:

If you want lower monthly premiums:

- Blue Shield Health Savings Plan
- Kaiser Permanente
- Western Health Advantage
- Core

If you want to choose any doctor without referrals:

- Blue Shield Health Savings Plan
- UC Care
- Core

If you want one doctor to manage all your care:

- Health Net Blue & Gold HMO
- Kaiser Permanente
- Western Health Advantage

If you reside or have a child in college outside of California:

- Blue Shield Health Savings Plan
- UC Care
- Core

CORE

Core is UC's catastrophic plan. It allows you to choose any doctor or hospital you wish, worldwide, but Blue Shield PPO providers cost less. And, it has no monthly premium for you.

- Preventive care from preferred providers is covered at 100 percent without the need to meet your deductible.
- For all other services and prescriptions, you pay 100 percent of the cost until you meet the deductible (\$3,000 per member for both in-network and out-of-network providers). Once you meet the deductible, you pay 20 percent.
- Annual out-of-pocket maximums limit what you pay. If you reach the annual maximum, the plan pays 100 percent of your medical and prescription drug costs for the rest of the year.

OPTUM

Optum provides behavioral health and substance abuse coverage for all of UC's plans, except Core. UC covers the full cost of the first three visits to an Optum provider, except for Blue Shield Health Savings Plan members. Behavioral health benefits for the Core plan are provided by Blue Shield.

If you want access to UC medical centers and doctors:

- Blue Shield Health Savings Plan
- Health Net Blue & Gold HMO
- UC Care
- Western Health Advantage
- Core

If you want comprehensive coverage outside the U.S.:

- UC Care
- Core

Plan changes for 2014

BRAND NAME DRUGS TO COST MORE IF GENERIC IS AVAILABLE

Beginning Jan. 1, 2014, members in all plans except Kaiser will pay more if they request a brand-name drug when a generic equivalent is available.

If you or your doctor choose the brand-name drug over the generic, you must pay the difference between the cost of the brand-name drug and the generic equivalent plus the usual generic cost. For Health Net Blue & Gold, UC Care and WHA, the usual cost is a \$5 copay; for Blue Shield Health Savings Plan and Core, the usual cost is 20 percent of the generic's cost.

With prior authorization, exceptions for medical necessity can be made, and you will pay your plan's regular brand-name cost.

NICOTINE REPLACEMENT PRODUCTS COVERED TO HELP YOU STOP SMOKING

Beginning Jan. 1, 2014, all UC campuses, medical centers and other facilities will be tobacco-free.

To support the policy and help those who want to quit smoking, all UC-sponsored medical plans available to faculty and staff will cover the cost of certain over-the-counter and prescription nicotine replacement products when prescribed by a physician.

These products include:

- Over-the-counter nicotine patches, gum and lozenges
- Prescription nicotine inhalers, sprays and medications

Prescription products will not be subject to a member copay or coinsurance. Over-the-counter products, when prescribed by your doctor, will be subject to the generic copay for all plans except Core and Kaiser. Kaiser members have no copay. Under Core, these products will be subject to deductible and coinsurance.

In addition, members can participate in behavior modification programs to help them quit smoking, but it is not required to receive these benefits.

For complete details, see your medical plan booklet.

NEW VENDOR, NEW APPROACH TO WELLNESS IN 2014

UC will relaunch its UC Living Well wellness program in 2014 with a new approach and a new vendor providing UC's wellness program.

Faculty and staff enrolled in UC-sponsored medical plans, including Kaiser, can earn points toward an incentive award by participating in activities and wellness coaching.

Some of the changes you can expect include:

- A focus on participation in campus-based wellness activities
- A health assessment will no longer be required, though you can earn points toward an incentive award by completing an online total health profile
- Employees enrolled in Kaiser can participate and earn the incentive award
- The incentive will be a \$75 gift card
- Spouses and domestic partners will no longer be eligible for the incentive award, but they may take advantage of the program website and online tools

Employees represented by some unions are not eligible to participate.

Watch for more information about UC Living Well in January.

TRANSGENDER BENEFITS LIMIT REMOVED

UC-sponsored medical plans that cover transgender benefits will no longer impose a lifetime dollar limit on benefits beginning Jan. 1, 2014.

Currently Health Net Blue & Gold, Kaiser Permanente and Western Health Advantage provide benefits up to \$75,000 over a person's lifetime.

The new Blue Shield Health Savings Plan and UC Care will also cover these benefits without a lifetime limit.

Core does not cover transgender benefits.

HEALTH NET BLUE & GOLD

- New medical groups added in Orange and San Diego counties; visit healthnet.com/uc to see the doctor directory
- MD Live available at no charge. MD Live has a national network of board-certified physicians and licensed therapists who provide quality care through phone, online video or secure email consultations anytime, anywhere.
- WelvieSM, an online program that helps members decide whether to have surgery, prepare for and recover from it, available at no cost. WelvieSM helps participants evaluate the benefits and risks of surgical and non-surgical treatment options. The program also helps to reduce the chance of complications. Health Net offers \$25 Amazon gift card for participation.
- Omada Health, an online diabetes prevention program to help members with pre-diabetes make lifestyle changes to help prevent the onset of Type II diabetes, available at no cost.

KAISER PERMANENTE

These additional preventive care benefits will be available at no charge:

- Genetic testing for breast cancer susceptibility
- Women's contraceptive items that by law do not require a prescription
- Aspirin to reduce heart attack risk
- Folic acid supplements for pregnant women to reduce the risk of birth defects
- Fluoride supplements for children to reduce the risk of tooth decay
- Iron supplements for children

DENTAL PLANS

There are no changes to the Delta Dental PPO plan.

There are two enhancements to the DeltaCare USA plan:

- Procedures to assess the level of risk associated with dental decay are covered
- Gingival irrigation, a procedure to treat gums, is covered

UC continues to pay the full cost of the dental insurance premium for you and your family.

VISION SERVICE PLAN

VSP will offer extended coverage for both Type I and Type II diabetic members through its Diabetic Eye Care Plus program. Previously only Type I diabetic members were eligible.

UC continues to cover the full cost of the VSP monthly premium for you and your family.

ARAG LEGAL PLAN

The ARAG Legal plan is not open for enrollment this year.

Those currently enrolled will have the following benefits enhancements beginning Jan. 1, 2014:

- Legal disputes about contracts or obligations for purchase, sale or financing of primary residence are covered.
- Legal disputes regarding the transfer of the plan members' personal property or property rights are covered.
- Legal services for administering an estate when member is named executor now covered for up to nine hours of legal work.
- Legal services to obtain advice and counsel to bring a claim or defend an action in Small Claims Court, including representation where allowed, are covered.

These enhancements are limited to one claim per item per year for each family unit.

ARAG Legal Plan costs are not increasing.

Plan changes for 2014

DON'T FORGET TO ENROLL OR RE-ENROLL IN A FLEXIBLE SPENDING ACCOUNT

Open Enrollment is the time to enroll or re-enroll in Dependent Care and/or Health Flexible Spending Accounts (FSA). You must re-enroll during Open Enrollment if you wish to participate in 2014.

To participate, you must contribute a minimum of \$180 per year. The Health FSA annual maximum contribution amount is \$2,500. If both you and your spouse are UC employees, you may each contribute up to \$2,500.

The IRS maximum contribution amount for the DepCare FSA is \$5,000 (\$2,500 if married filing a separate tax return).

Remember, if you enroll in the Blue Shield Health Savings Plan, you cannot enroll in the Health FSA.

The CONEXIS website (uc.conexisfsa.com) provides a list of eligible FSA expenses and links to FSA calculators to help you estimate the amount you should contribute and your potential tax savings.

CHANGES TO COVERED SALARY DEFINITION WILL AFFECT SOME BENEFITS PREMIUMS

Effective Jan. 1, 2014, UC will make changes to the definition of covered salary used to calculate Life Insurance and Disability Insurance premiums and the Medical Contribution Base (MCB), which is used to determine salary bands related to medical plan premiums.

Effective Jan. 1, 2014, "extra" pay such as stipends, shift differentials, overtime, etc. will be excluded from the salary base calculation, and the calculation will be tied to "base" salary only. Additionally, for those with more than one appointment at different rates, the salary rate will be a prorated salary base.

Full time employees who do not receive "extra" pay such as shift differential or stipends will experience no change.

CALCOBRA CONTINUATION COVERAGE NOT AVAILABLE FOR SELF-INSURED PLANS

Beginning in 2014, CalCOBRA will not be available to those qualified beneficiaries whose coverage is under one of the self-insured plans: Core or UC Care.

CalCOBRA is California law that has similar provisions to federal COBRA. It allows you to continue medical coverage for an additional 18 months after your federal COBRA ends (up to 36 months total) if you terminate employment or you lose eligibility for UC-sponsored health plans. However CalCOBRA applies to only fully insured medical plans such as Health Net Blue & Gold, Kaiser, WHA or the Blue Shield Health Savings Plan. Members of self-insured plans, such as Core and UC Care, are not eligible.

For more information about federal COBRA, see:

http://atyourservice.ucop.edu/employees/health_welfare/cobra.html

If your medical plan is being discontinued

If you are in a medical plan that is being discontinued and you do not enroll in a different plan during Open Enrollment, you and any currently enrolled family members will be automatically enrolled in a new plan as follows:

CURRENT PLAN	NEW PLAN
Anthem Blue Cross PLUS	UC Care
Anthem Blue Cross PPO	UC Care
Anthem Lumenos PPO + HRA	Blue Shield Health Savings Plan
Health Net full HMO	Health Net Blue & Gold
Kaiser Umbrella	UC Care

CONTINUITY OF CARE

If you are changing medical plans for 2014, there may be some transition of care issues to consider. Your plan may offer transition of care support to bridge the gap between old and new plans. This support is important for those who are currently under care from providers who will no longer be in-network under the member's new plan.

These continuity of care arrangements allow a period of time for you to continue to see your current provider during the course of your treatment while still receiving the in-network level of benefits from your new plan. You must apply for continuity of care and the new medical plan will determine if you are eligible. If you do not meet the qualifications for continuity of care, the new plan will work with you and your current providers and medical group to help you transition to a provider in the plan's network.

Examples of conditions that may qualify for continuation of care include:

- An acute condition that has a limited duration
- A serious chronic condition
- Pregnancy, including the immediate postpartum period
- Care for a child, from newborn to 36 months of age
- A surgery or other treatment that was previously recommended and documented by your doctor to take place within 180 days of the effective date of coverage
- A terminal illness that has a high probability of causing death within one year or less (covered for the duration of the terminal illness).

To request continuity of care, follow the instructions below for your new plan.

BLUE SHIELD HEALTH SAVINGS PLAN AND CORE

Call your dedicated Blue Shield Concierge team at 855-201-8375.

If you do not meet the qualifications for continuity of care, Blue Shield will work with your non-network provider and medical group to help you transition to a network provider.

HEALTH NET BLUE & GOLD

Call Health Net Customer Service at 800-539-4072 within 60 days of the effective date of your Health Net coverage. A representative will help you determine if you are eligible for continuity of care.

KAISER PERMANENTE

Contact Member Services at 800-464-4000 within 30 days of the effective date of coverage and request completion of services. You must meet Kaiser's eligibility requirements, which are outlined in the plan's Evidence of Coverage booklet.

UC CARE

Call your dedicated Blue Shield Concierge team at 855-201-2087.

If you do not meet the qualifications for continuity of care, the Concierge team will work with your non-network provider and medical group to help you transition to a network provider.

WESTERN HEALTH ADVANTAGE

Contact the WHA Member Services Department prior to enrollment, and no later than 30 days from the effective date of your WHA coverage to request a Continuity of Care form. You also may get the form online at ucal.us/WHA. Complete and return this form to WHA as soon as possible.

Your medical plan costs

UC continues to pay most of the monthly medical plan premiums. You pay the balance as shown in the tables on this page and the next.

Your costs are determined by your full-time salary rate as of Jan. 1, 2013. See page 12 for additional information regarding premiums for represented employees.

This pay band structure enables UC to provide larger monthly employer contributions for employees earning less to help reduce monthly premiums for them.

The pay bands have been changed to reflect the increase in the California Consumer Price Index (CPI) from 2012 to 2013.

Things to consider

FAMILY MEMBER ELIGIBILITY VERIFICATION

UC requires all faculty, staff and retirees who enroll new family members in their medical, dental and/or vision insurance plans to provide documents to verify their family members' eligibility for coverage.

If you add a family member to your coverage during Open Enrollment, in early 2014 you will receive a packet of materials to complete the verification process. You must respond by the deadline shown on the letter or risk de-enrollment of your newly enrolled family members from UC benefits. No documentation is required for family members whose eligibility was verified previously.

Secova, Inc. administers the verification program for UC.

More information about the verification process is available online at:

<http://atyourservice.ucop.edu/family-member-verification>

EMPLOYEES IN COLLECTIVE BARGAINING UNITS

If you are in a union with an expired collective bargaining agreement, your premium contributions for existing benefit plans for 2014 might be different than the contribution rates reflected on the Open Enrollment website and in written communications to all employees. Changes in employee contributions are subject to collective bargaining negotiations and rates for existing benefit plans will remain unchanged until new rates are agreed to in negotiations or become effective in accordance with the requirements of HEERA.

You can make changes to your plan choices and coverage levels during Open Enrollment, but you will be charged the applicable employee contribution rate for your bargaining unit until the university and the union's representatives reach agreement or new rates are in effect in accordance with HEERA requirements. Please note that the premium contributions for the new benefit plans for 2014, UC Care and the Blue Shield Health Savings Plan, will be the same for all participants and are the 2014 rates described on the Open Enrollment website and in written Open Enrollment communications.

Employees represented by some unions are not eligible for the wellness program (to be administered by Optum in 2014) or SelectPlus because participation has not been agreed to during the collective bargaining process.

TAKE ADVANTAGE OF UC'S FAMILY CARE BENEFIT

UC offers eligible faculty and staff membership in SelectPlus, an online referral service for family caregivers. Whether you need a full-time nanny or an emergency back-up eldercare provider—even a pet sitter—SelectPlus can help.

To use the benefit, you register with SelectPlus; UC pays the fee that gives you access to pre-screened caregivers including babysitters, nannies, elder-care providers, dog walkers and pet sitters, tutors and housekeepers. Then you make all the arrangements including hiring and payment of caregivers.

Access to the SelectPlus website provides comprehensive childcare and elder care solutions to complement existing center-based benefits that may be offered on some campuses.

SELECTPLUS OFFERS TWO PROGRAMS:

- Sittercity, which offers individual in-home caregivers including babysitters, full and part time nannies, pet sitters, tutors, housekeepers and individual senior caregivers
- Years Ahead, which offers a nationwide network of senior care providers, including certified senior care advisors for guidance, specialized facilities including memory and hospice care and independent and assisted living communities, and in-home healthcare and senior care companions

Employees represented by some unions are not eligible to participate.

For more information, visit the SelectPlus website:

IF YOU OR A FAMILY MEMBER BECOME ELIGIBLE FOR MEDICARE IN 2014

If you continue working at UC past age 65, you are not required to sign up for Medicare Part A, B or D. If your spouse is covered by your plan and becomes eligible for Medicare, he or she may also defer signing up for Medicare.

When you retire or if you or your covered dependents lose your employer medical coverage, you or your covered dependents must immediately enroll in Medicare. If you or they do not enroll immediately, Medicare may charge a permanent 10 percent penalty for each full year you could have enrolled in Part B.

If you plan to retire in 2014, are eligible for retiree health insurance, and expect to enroll in Medicare during the year, consider whether the Medicare version of your medical plan offers the benefits you may want. If not, Open Enrollment is the time to change plans. Some plans do not allow you to change plans mid-year simply because you have become eligible for Medicare or have elected to retire.

The Medicare version of your medical plan may have different benefits, medical groups, specialists and behavioral health providers. Medicare plan service areas may differ from non-Medicare plan service areas. Call the plan directly or visit its website. For Medicare information, read the UC Medicare Factsheet, available on the At Your Service website or from your local benefits office.

If you retire and move outside California and all covered members of your family are eligible for Medicare, UC has a new approach to providing your medical benefits in 2014 and beyond.

With the assistance of licensed and trained benefit advisors from ExtendHealth, a Medicare coordinator, each covered member of a retiree's family enrolled in Medicare can choose an individual medical plan that's best for him or her. That includes Kaiser, if available in your area. In many areas, retirees will have more choices than are currently available from UC.

Plus, UC will provide an annual contribution under an HRA—health reimbursement arrangement—to help pay plan premiums. Depending on the retiree's choice, there could be funds left in the HRA to cover additional out-of-pocket costs and Part B premiums. UC will contribute to the HRA for Medicare-eligible family members such as a spouse or domestic partner, also.

ARE YOUR BENEFICIARIES UP-TO-DATE?

It is important to name beneficiaries to ensure that any benefits payable at your death are left to the survivors you intend.

You can name beneficiaries for your pension, life insurance and/or accidental death and dismemberment benefits online by signing in to your personal account on the At Your Service website. While you're making Open Enrollment changes, check to see if your beneficiaries and their contact information are up to date.

To name beneficiaries for your Retirement Savings Program plans—DC, 403(b) and/or 457(b)—log in to ucfocusonyourfuture.com. Then select "My Account" and then "Update Beneficiaries."

Keep in mind, that if you are married or in a registered domestic partnership, your spouse or partner may have a legal interest in benefits payable at your death. A beneficiary designation may be subject to challenge if it will result in your spouse receiving less than his or her share of that portion of the benefit that is considered community property.

Important notices

THE WOMEN'S HEALTH AND CANCER RIGHTS ACT ANNUAL NOTIFICATION OF RIGHTS

The Women's Health and Cancer Rights Act of 1998 (Women's Health Act) requires group medical plans such as those offered by UC that provide coverage for mastectomies to also provide certain related benefits or services.

Under a UC-sponsored medical plan, a plan member (employee, retiree, or eligible family member) who receives a mastectomy and elects breast reconstruction in connection with the mastectomy must receive coverage for the following: reconstruction of the breast on which the mastectomy was performed; surgery and reconstruction of the other breast to produce a symmetrical appearance; and prostheses and treatment of physical complications of the mastectomy, including lymphedema.

Coverage will be provided in a manner determined in consultation with the patient's physician and is subject to the same deductibles, coinsurance, and copayments that apply to other medical or surgical benefits covered under the plan.

If you have questions, please contact your medical plan carrier or refer to your carrier's plan booklet for specific coverage.

UNIVERSITY OF CALIFORNIA HEALTHCARE PLAN NOTICE OF PRIVACY PRACTICES

The University of California offers various healthcare options to its employees and retirees, and their eligible family members, through the UC Healthcare Plan. Several options are self-funded group health plans for which the university acts as its own insurer and provides funding to pay the claims; these options are referred to as the "Self-Funded Plans." The Privacy Rule of the federal Health Insurance Portability and Accountability Act of 1996, also known as HIPAA, requires the Self-Funded Plans to make a Notice of Privacy Practices available to plan members. The University of California Healthcare Plan Notice of Privacy Practices—Self-Funded Plans (Notice) describes the uses and disclosure of protected health information, members' rights and the Self-Funded Plans responsibilities with respect to protected health information.

Changes have been made to the Notice since we last notified members in April 2012 to confirm that:

- Written authorization is required for uses or disclosures for marketing purposes and the sale of private health information (PHI) as well as for most uses and disclosures of psychotherapy notes, and
- Genetic information will not be used or disclosed for underwriting purposes.

A copy of the updated Notice is posted on the UC At Your Service website at http://atyourservice.ucop.edu/forms_pubs/misc/12-hipaa_fin_not.pdf or you may obtain a paper copy of this Notice by calling the UC Healthcare Plan Privacy Officer at 800-888-8267, press 2 or 510-287-3857.

The Notice will be further updated effective Jan. 1, 2014 to reflect the healthcare plan options for 2014. If you have questions or for further information regarding this privacy Notice, contact the UC Healthcare Plan HIPAA Privacy Officer at 800-888-8267, press 2 or 510-287-3857.

TERMS AND CONDITIONS

The Terms and Conditions governing participation in UC-sponsored health and welfare plans can be found on the Open Enrollment website: atyourservice.ucop.edu

OTHER NOTICES ONLINE

Under HIPAA (Health Insurance Portability and Accountability Act of 1996), you may have additional opportunities outside of Open Enrollment to enroll in a UC-sponsored medical plan—for instance, if you have lost eligibility for coverage in another plan. However, certain conditions apply. See the full HIPAA notice on the Open Enrollment website (atyourservice.ucop.edu).

The Creditable Coverage notice pertaining to Medicare Part D prescription drug coverage is also available online.

HEALTH CARE REFORM AND YOU

Over the next few months, you'll probably be hearing about health care reform and a lot of new terms associated with it. Right now, the most important thing for you to know is that UC's medical plans already meet all the legal requirements under the Affordable Care Act (ACA), and you don't need to take any action outside of the usual enrollment activities through UC. If you want to learn more, see atyourservice.ucop.edu/oe/tools-resources/health-care-reform.html

Premium Assistance Under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you are eligible for health coverage from your employer, your State may have a premium assistance program that can help pay for coverage. These States use funds from their Medicaid or CHIP programs to help people who are eligible for these programs, but also have access to health insurance through their employer. If you or your children are not eligible for Medicaid or CHIP, you will not be eligible for these premium assistance programs.

If you or your dependents are already enrolled in Medicaid or CHIP, you can contact your state Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, you can contact your state Medicaid (Medi-Cal in California) or CHIP office or visit www.insurekidsnow.gov or dial 1-877-KIDS-NOW to find out how to apply. If you qualify, you can ask the state if it has a program that might help you pay the premiums for a UC-sponsored plan.

Once it is determined that you or your dependents are eligible for premium assistance under Medicaid or CHIP, and that you are eligible under UC's plan, UC will permit you to enroll in UC's plan, if you are not already enrolled. This is called a "special enrollment" opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance.

If you live in California, you can contact the California Department of Health Care Services for further information on eligibility at: **Website:** http://www.dhcs.ca.gov/services/Pages/TPLRD_CAU_cont.aspx **Email:** HIPP@dhcs.ca.gov

If you live outside of California, please visit the UC Open Enrollment website (atyourservice.ucop.edu/open_enrollment/docs/chipra.pdf) for a list of states that currently provide premium assistance. The list is effective as of July 31, 2013, and includes contact information for each state listed.

To see if any more states have added a premium assistance program since July 31, 2013, or for more information on special enrollment rights, you can contact:

Dianna,

Regarding disruption analyses, it doesn't matter that you didn't perform disruption assessments by union. You are still required to provide your general disruption assessment. Disruption is not different for different unions--disruption is only dependent on employees' locations and choice of plans.
